Part I: General Considerations in Children's ENT

| | |
|---|----|
| 1. Introduction to Pediatric Otolaryngology | 2 |
| <i>R. W. Clarke</i> | |
| 1.1 Introduction | 2 |
| 1.2 Training and Accreditation | 2 |
| 1.3 History of Pediatric Otorhinolaryngology | 2 |
| 1.4 Ear, Nose, and Throat Societies | 4 |
| 2. The Pediatric Consultation | 7 |
| <i>R. W. Clarke</i> | |
| 2.1 Introduction | 7 |
| 2.2 Setting Up | 7 |
| 2.2.1 The Waiting Area | 7 |
| 2.2.2 The Clinic Room | 7 |
| 2.2.3 Support Staff | 8 |
| 2.2.4 Preparing for the Consultation | 9 |
| 2.3 The Consultation | 9 |
| 2.3.1 The History | 9 |
| 2.3.2 Examination | 9 |
| 2.3.3 Investigations | 10 |
| 2.3.4 Management Plan | 10 |
| 2.4 Normal Growth, Development, and Child Health Promotion | 11 |
| 3. Anesthesia and Perioperative Care | 19 |
| <i>Frank A. Potter</i> | |
| 3.1 Introduction | 19 |
| 3.2 Anesthesia | 19 |
| 3.2.1 Simple Anesthesia | 19 |
| 3.3 Induction of Anesthesia | 21 |
| 3.3.1 Intravenous Induction | 21 |
| 1.5 Organizing Otorhinolaryngology Services for Children | 4 |
| 1.5.1 Hospitals and Clinics | 4 |
| 1.5.2 Emergencies and Transport | 5 |
| 1.6 Key Points | 6 |
| 2.5 Promoting Child Health | 11 |
| 2.6 Pediatric Medical Assessment | 11 |
| 2.6.1 Attention Deficit Hyperactivity Disorders | 11 |
| 2.6.2 Autistic Spectrum Disorders | 12 |
| 2.6.3 Functional Disorders | 14 |
| 2.7 Delivering Bad News | 15 |
| 2.8 Consent and Parental Responsibility | 16 |
| 2.9 Child Protection | 17 |
| 2.10 Key Points | 17 |

| | | | | | |
|------------|---|----|-------------|---|----|
| 3.3.2 | Inhalational Induction | 21 | 3.7 | Analgesia | 25 |
| 3.4 | Methods of Control of the Airway | 22 | 3.8 | Anesthesia for Common Pediatric ENT Procedures | 26 |
| 3.4.1 | Face Mask | 22 | 3.8.1 | Myringotomy and Grommets | 26 |
| 3.4.2 | Oropharyngeal and Nasopharyngeal Airways | 22 | 3.8.2 | Adenoidectomy | 27 |
| 3.4.3 | The Laryngeal Mask Airway | 22 | 3.8.3 | Tonsillectomy | 27 |
| 3.4.4 | Endotracheal Tubes | 23 | 3.8.4 | Anesthesia for Airway Problems in Infants | 29 |
| 3.4.5 | Cuffed or Uncuffed Endotracheal Tube? | 23 | 3.8.5 | Tracheostomy in Infants | 30 |
| 3.5 | Muscle Relaxation (Paralysis) during Anesthesia and Reversal | 24 | 3.9 | Anesthesia in Children with Specific Syndromes or Disabilities | 31 |
| 3.5.1 | Paralysis | 24 | 3.10 | Key Points | 31 |
| 3.5.2 | Reversal | 24 | | | |
| 3.6 | Duration of Surgery | 25 | | | |
| 4. | Pediatric Ear, Nose, and Throat Emergencies | 33 | | | |
| | <i>Ann-Louise McDermott</i> | | | | |
| 4.1 | Introduction | 33 | 4.4.2 | Management of Acute Sinusitis | 38 |
| 4.2 | Foreign Bodies | 33 | 4.4.3 | Complications of Sinusitis | 39 |
| 4.2.1 | Foreign Bodies in the Ear | 33 | 4.5 | Nasal Trauma | 41 |
| 4.2.2 | Foreign Bodies in the Nose | 34 | 4.6 | Neck Abscesses | 41 |
| 4.3 | Epistaxis | 37 | 4.6.1 | Superficial Cervical Lymphadenopathy | 41 |
| 4.3.1 | Presentation | 37 | 4.6.2 | Deep Neck-Space Infections | 41 |
| 4.3.2 | Management | 37 | 4.6.3 | Lemierre's Syndrome | 42 |
| 4.4 | Sinusitis and Its Complications | 38 | 4.6.4 | Peritonsillar Abscess (Quinsy) | 43 |
| 4.4.1 | Presentation | 38 | 4.6.5 | Retropharyngeal Abscess | 43 |
| 5. | The Child with Special Needs | 46 | 4.7 | Key Points | 44 |
| | <i>Patrick Sheehan</i> | | | | |
| 5.1 | Introduction | 46 | 5.3.3 | Sinuses and Nasal Diseases | 51 |
| 5.2 | The Ear, Nose, and Throat Consultation | 46 | 5.4 | The Airway in the Child with Special Needs | 52 |
| 5.2.1 | General Considerations | 46 | 5.4.1 | Tonsils and Adenoids | 52 |
| 5.2.2 | The History | 47 | 5.4.2 | Other Airway Conditions | 53 |
| 5.2.3 | Examination | 48 | 5.4.3 | Tracheostomy | 53 |
| 5.3 | Otological Conditions | 51 | 5.5 | Key Points | 53 |
| 5.3.1 | Otitis Media | 51 | | | |
| 5.3.2 | Hearing Impairment | 51 | | | |

Part II: The Ear

| | | | | | |
|------------|---|----|--------------|--|----|
| 6. | Disorders of the External Ear | 56 | | | |
| | <i>Hilko Weerda</i> | | | | |
| 6.1 | Introduction | 56 | 6.4.1 | Penetrating Trauma..... | 59 |
| 6.2 | Applied Clinical Anatomy and Development | 56 | 6.4.2 | Chemical Burns | 59 |
| 6.3 | Acquired Disorders of the External Ear | 57 | 6.4.3 | Thermal Injuries (Burns) | 60 |
| 6.3.1 | Furuncle (Otitis Externa Circumscripta) .. | 57 | 6.4.4 | Otohematoma and Otoseroma | 60 |
| 6.3.2 | Swimmer's Ear (Otitis Externa Diffusa) ... | 57 | 6.4.5 | Partial and Total Avulsion..... | 61 |
| 6.3.3 | Eczematous Otitis | 58 | 6.5 | Congenital Disorders of the External Ear | 62 |
| 6.3.4 | Bullous Myringitis (Otitis Externa Bullosa Hemorrhagica)..... | 58 | 6.5.1 | Auricular Appendages | 62 |
| 6.3.5 | Erysipelas (Auricular Cellulitis)..... | 58 | 6.5.2 | Fistulas and Sinuses | 63 |
| 6.3.6 | Chronic External Otitis..... | 59 | 6.5.3 | Auricular Dysplasias | 63 |
| 6.3.7 | Perichondritis | 59 | 6.6 | Key Points | 75 |
| 6.4 | Trauma | 59 | | | |
| 7. | Acute Otitis Media | 78 | | | |
| | <i>William P. L. Hellier</i> | | | | |
| 7.1 | Introduction | 78 | 7.6.3 | Diagnostic Uncertainty..... | 82 |
| 7.2 | Definitions and Classification of Otitis Media | 78 | 7.7 | Treatment | 83 |
| 7.2.1 | Acute Otitis Media..... | 78 | 7.7.1 | Analgesia and Symptom Control..... | 83 |
| 7.2.2 | Recurrent Acute Otitis Media | 78 | 7.7.2 | Antimicrobial Therapy | 83 |
| 7.2.3 | Otitis Media with Effusion | 79 | 7.7.3 | Choice of Antibiotic..... | 84 |
| 7.3 | Epidemiology, Prevalence, and Risk Factors | 79 | 7.8 | Treatment Failure | 84 |
| 7.3.1 | Gender and Age..... | 79 | 7.8.1 | Antimicrobial Therapy Modification | 84 |
| 7.3.2 | Geographical and Ethnic Factors..... | 79 | 7.8.2 | Surgery | 85 |
| 7.3.3 | Environmental Factors | 79 | 7.9 | Recurrent Acute Otitis Media | 85 |
| 7.3.4 | Anatomical Factors and Comorbidity..... | 80 | 7.9.1 | Definition | 85 |
| 7.4 | Pathophysiology of Acute Otitis Media | 80 | 7.9.2 | Management | 85 |
| 7.4.1 | Eustachian Tube Function..... | 80 | 7.10 | Complications of Acute Otitis Media .. | 86 |
| 7.4.2 | Immune Response..... | 80 | 7.10.1 | Extracranial Complications | 87 |
| 7.4.3 | Bacterial or Viral Load..... | 81 | 7.10.2 | Intracranial Complications..... | 91 |
| 7.5 | Flora | 81 | 7.11 | Acute Otitis Media and Chronic Suppurative Otitis Media | 92 |
| 7.6 | Clinical Features | 81 | 7.12 | Key Points | 93 |
| 7.6.1 | Symptoms and Signs..... | 81 | | | |
| 7.6.2 | Otoscopic Findings | 81 | | | |

| | | | | |
|-------------|---|-----|-------------|--|
| 8. | Otitis Media with Effusion | 95 | | |
| | <i>Marie Gisselsson Solén</i> | | | |
| 8.1 | Introduction | 95 | 8.7 | Management |
| 8.2 | Epidemiology and Prevalence | 95 | 8.7.1 | Expectant Treatment..... |
| 8.3 | Etiology and Risk Factors | 95 | 8.7.2 | Medical Treatment..... |
| 8.3.1 | Etiology..... | 95 | 8.7.3 | Mechanical Treatment..... |
| 8.3.2 | Risk Factors..... | 95 | 8.7.4 | Hearing Aids..... |
| 8.4 | Clinical Presentation | 96 | 8.7.5 | Surgery..... |
| 8.5 | Clinical Findings | 96 | 8.7.6 | Surgical Technique..... |
| 8.6 | Natural History | 98 | 8.7.7 | Treatment Recommendations..... |
| 9. | Disorders of the Middle Ear | 104 | 8.8 | Key Points |
| | <i>Gavin A. J. Morrison</i> | | | |
| 9.1 | Introduction | 104 | 9.5 | Congenital Disorders of the Middle Ear |
| 9.2 | Perforation | 104 | 9.5.1 | Atresia and Congenital Ossicular Fixation..... |
| 9.2.1 | Prevalence and Classification..... | 104 | 9.5.2 | The Facial Nerve..... |
| 9.2.2 | Pathophysiology and Flora..... | 104 | 9.5.3 | Vascular Anomalies in the Middle Ear..... |
| 9.2.3 | Clinical Features of Tympanic Membrane Perforation..... | 105 | 9.6 | Other Conditions Affecting the Middle Ear |
| 9.2.4 | Management of Tympanic Membrane Perforations..... | 105 | 9.6.1 | Otosclerosis..... |
| 9.3 | Tubercular Otitis Media | 108 | 9.6.2 | Temporal Bone Fracture..... |
| 9.4 | Retraction Pockets | 108 | 9.6.3 | Histiocytosis X..... |
| 9.4.1 | Classification and Natural History..... | 108 | 9.6.4 | Malignant Disease of the Ear..... |
| 9.4.2 | Management of Attic Retraction..... | 110 | 9.7 | Key Points |
| 10. | Cholesteatoma | 119 | | |
| | <i>Gavin A. J. Morrison</i> | | | |
| 10.1 | Introduction | 119 | 10.3.3 | Surgical Technique..... |
| 10.2 | Classification | 119 | 10.3.4 | Cavity Reconstruction..... |
| 10.2.1 | Congenital Cholesteatoma..... | 119 | 10.4 | Long-Term Management: Follow-Up |
| 10.2.2 | Primary Acquired Cholesteatoma..... | 119 | 10.4.1 | “Second-Look” Surgery..... |
| 10.2.3 | Secondary Acquired Cholesteatoma..... | 119 | 10.4.2 | Imaging..... |
| 10.2.4 | Presentation, Early Management, and Imaging..... | 119 | 10.5 | Surgical Outcomes |
| 10.3 | Treatment of Cholesteatoma | 120 | 10.6 | Tips for Cholesteatoma Surgery |
| 10.3.1 | Aim of Treatment..... | 120 | 10.7 | Key Points |
| 10.3.2 | Choice of Approach..... | 120 | | |

| | | | |
|---|-----|--|-----|
| 11. Disorders of Balance | 126 | | |
| <i>Gundula Thiel</i> | | | |
| 11.1 Introduction | 126 | 11.3.3 Investigations | 133 |
| 11.2 Physiology of Balance in Children | 126 | 11.4 Differential Diagnosis and Management | 133 |
| 11.2.1 Maturation and Development | 126 | 11.4.1 Balance Disorders with Normal Hearing .. | 134 |
| 11.2.2 Vestibular Reflexes | 128 | 11.4.2 Balance Disorders with Hearing Impairment | 136 |
| 11.3 Clinical Presentation | 128 | 11.5 Key Points | 137 |
| 11.3.1 History | 129 | | |
| 11.3.2 Examination | 130 | | |
| 12. Facial Palsy Reconstruction in Children | 139 | | |
| <i>Amir Sadri and Adel Y. Fattah</i> | | | |
| 12.1 Introduction | 139 | 12.5.2 Documenting the Severity of Facial Palsy: Grading Systems, Standardized Photography and Patient-Reported Outcome Measures | 147 |
| 12.2 Anatomy of the Facial Nerve | 139 | 12.6 Investigations | 147 |
| 12.3 Central Course | 139 | 12.6.1 Diagnostic | 147 |
| 12.3.1 The Facial Motor Nerve | 139 | 12.6.2 Prognostic | 149 |
| 12.3.2 Intratemporal Course | 140 | 12.7 Treatment | 150 |
| 12.3.3 Branches of the Nervus Intermedius | 141 | 12.7.1 Supportive Management | 150 |
| 12.3.4 The Facial Motor Nerve in the Face | 141 | 12.7.2 Medical Management | 150 |
| 12.4 Classification of Facial Palsy | 142 | 12.7.3 Reconstructive Management | 150 |
| 12.4.1 Congenital | 142 | 12.8 Key Points | 152 |
| 12.4.2 Acquired | 143 | | |
| 12.5 History and Examination | 145 | | |
| 12.5.1 Secondary Features: Synkinesis, Spasm, and Contracture | 147 | | |
| Part III: The Hearing Impaired Child | | | |
| 13. Introduction, Detection, and Early Management | 156 | | |
| <i>An N. Boudewyns and Frank Declau</i> | | | |
| 13.1 Introduction | 156 | 13.3.2 Environmental Causes of Permanent Childhood Hearing Impairment | 159 |
| 13.2 Epidemiology and Prevalence | 156 | 13.4 Risk Factors for Hearing Loss | 162 |
| 13.3 Etiology | 156 | 13.5 Identification of Hearing Loss | 162 |
| 13.3.1 Genetic Causes of Permanent Childhood Hearing Impairment | 156 | 13.5.1 Neonatal Hearing Screening | 163 |

| | | | | | |
|-------------|---|-----|-------------|--|-----|
| 13.5.2 | Screening Strategies | 163 | 13.8 | Measures to Prevent Hearing Deterioration | 174 |
| 13.6 | Diagnostic and Etiological Work-Up Following Referral from Screening | 164 | 13.8.1 | Noise Trauma | 174 |
| 13.6.1 | Audiological Assessment | 164 | 13.8.2 | Specific Preventive Measures | 175 |
| 13.6.2 | Etiological Assessment | 169 | 13.9 | Key Points | 175 |
| 13.7 | Rehabilitation and Hearing Aids | 174 | | | |
| 14. | Nonsurgical Management of the Child with Hearing Loss | 178 | | | |
| | <i>Priya Singh and Josephine Marriage</i> | | | | |
| 14.1 | Introduction | 178 | 14.4.7 | Auditory Oversensitivity or Hyperacusis and Tinnitus | 188 |
| 14.2 | What Is the Impact of Hearing Loss for Children? | 178 | 14.5 | Fitting of Hearing Aids | 188 |
| 14.3 | Diagnosis of Acquired Hearing Loss | 179 | 14.5.1 | Principles of Amplification with Hearing Aids | 188 |
| 14.3.1 | Objective Hearing Assessment in the Early Months of Life | 179 | 14.5.2 | Hearing Aids for Conductive Hearing Loss | 189 |
| 14.3.2 | Behavioral Hearing Tests | 180 | 14.5.3 | Constraints of Hearing Aids | 191 |
| 14.3.3 | Measuring Middle Ear Function | 184 | 14.5.4 | Assistive Listening Device Options for Children | 191 |
| 14.4 | Types of Hearing Loss | 185 | 14.5.5 | Family-Centered Management | 191 |
| 14.4.1 | Conductive Hearing Loss | 185 | 14.6 | Hyperacusis and Tinnitus | 192 |
| 14.4.2 | Sensorineural Hearing Loss | 185 | 14.7 | Outcomes for Hearing-Impaired Children | 192 |
| 14.4.3 | Auditory Neuropathy Spectrum Disorder | 186 | 14.8 | Key Points | 193 |
| 14.4.4 | Mixed Hearing Loss | 186 | | | |
| 14.4.5 | Unilateral Hearing Loss: A Special Case | 187 | | | |
| 14.4.6 | Nonorganic Hearing Loss | 187 | | | |
| 15. | Surgical Management of the Hearing-Impaired Child | 195 | | | |
| | <i>Christopher H. Raine and Jane M. Martin</i> | | | | |
| 15.1 | Introduction | 195 | 15.3.2 | Magnetic Resonance Imaging Compatibility | 203 |
| 15.2 | Bone Conduction Hearing Devices | 195 | 15.4 | Severe-to-Profound Sensorineural Hearing Loss | 204 |
| 15.2.1 | Physiology of Hearing through Bone Conduction | 195 | 15.4.1 | Cochlear Implants | 204 |
| 15.2.2 | Clinical Indications for Bone Conduction Hearing Device | 196 | 15.4.2 | Cochlear Implantation | 204 |
| 15.2.3 | Selection of Children | 196 | 15.4.3 | Bilateral Cochlear Implantation | 206 |
| 15.2.4 | Percutaneous Devices | 197 | 15.4.4 | Unilateral Cochlear Implantation | 206 |
| 15.2.5 | Transcutaneous Devices | 198 | 15.4.5 | Children with Complex Needs | 207 |
| 15.3 | Active Middle Ear Implants | 201 | 15.4.6 | Auditory Brainstem Implants | 207 |
| 15.3.1 | Vibrant Soundbridge | 201 | 15.5 | Key Points | 207 |

Part IV: The Nose and Sinus

| | | | |
|--|-----|---|-----|
| 16. Nasal Obstruction in Children | 210 | | |
| <i>Michelle Wyatt</i> | | | |
| 16.1 Introduction | 210 | 16.4 Acquired Disorders | 216 |
| 16.2 Etiology of Pediatric Nasal Obstruction | 210 | 16.4.1 Infective/Inflammatory..... | 216 |
| 16.3 Congenital Anomalies | 210 | 16.4.2 Traumatic..... | 216 |
| 16.3.1 Skeletal..... | 210 | 16.4.3 Neoplastic..... | 217 |
| 16.3.2 Nasal Masses..... | 213 | 16.5 Key Points | 219 |
| 17. Pediatric Rhinitis and Rhinosinusitis | 220 | | |
| <i>Wytseke J. Fokkens and Fuad M. Baroody</i> | | | |
| 17.1 Introduction | 220 | 17.5.2 Prevalence of Chronic Rhinosinusitis in Children..... | 229 |
| 17.2 Development of the Paranasal Sinuses | 220 | 17.5.3 Pediatric Chronic Rhinosinusitis and Quality of Life..... | 229 |
| 17.2.1 Ethmoid Sinus..... | 220 | 17.5.4 Pathogenesis of Chronic Rhinosinusitis in Children..... | 229 |
| 17.2.2 Maxillary Sinus..... | 220 | 17.5.5 Diagnostic Work-Up for Chronic Rhinosinusitis..... | 231 |
| 17.2.3 The Frontal and Sphenoid Sinuses..... | 220 | 17.5.6 Management of Pediatric Chronic Rhinosinusitis..... | 234 |
| 17.3 Definition and Classification of Disease | 220 | 17.6 Allergic Rhinitis | 237 |
| 17.4 Acute Rhinosinusitis | 221 | 17.6.1 Prevalence of Allergic Rhinitis..... | 237 |
| 17.4.1 Incidence of Acute Rhinosinusitis in Children..... | 221 | 17.6.2 Quality of Life..... | 237 |
| 17.4.2 Definition and Diagnosis of Acute Rhinosinusitis in Children..... | 221 | 17.6.3 Classification..... | 238 |
| 17.4.3 Differential Diagnosis..... | 222 | 17.6.4 Pathogenesis of Allergic Rhinitis..... | 238 |
| 17.4.4 Pathogenesis of Acute Rhinosinusitis..... | 222 | 17.6.5 Diagnosis and Clinical Evaluation..... | 239 |
| 17.4.5 The Diagnostic Work-Up..... | 224 | 17.6.6 Comorbid Conditions and Allergic Rhinitis Treatment of Allergic Rhinoconjunctivitis in Children..... | 241 |
| 17.4.6 Treatment of Acute Rhinosinusitis in Children..... | 224 | 17.7 Key Points | 242 |
| 17.4.7 Complications of Acute Rhinosinusitis..... | 226 | | |
| 17.5 Chronic Rhinosinusitis in Children | 229 | | |
| 17.5.1 Classification and Diagnosis..... | 229 | | |

Part V: The Airway

| | | | |
|--|-----|---------------------------------------|-----|
| 18. Tongue, Floor of Mouth, Adenoids, and Tonsils | 246 | | |
| <i>Sujata De</i> | | | |
| 18.1 Introduction | 246 | 18.2.1 Definition and Prevalence..... | 246 |
| 18.2 Tongue-Tie (Ankyloglossia) | 246 | 18.2.2 Effects..... | 246 |
| | | 18.2.3 Management..... | 246 |

| | | | | | |
|-------------|---|-----|--------------|---|-----|
| 18.3 | Macroglossia | 247 | 18.5 | Adenoids and Tonsils | 248 |
| 18.3.1 | Definition and Classification | 247 | 18.5.1 | Applied Physiology | 248 |
| 18.3.2 | Management | 247 | 18.5.2 | Acute Tonsillitis | 249 |
| 18.4 | Ranula | 247 | 18.5.3 | Adenotonsillectomy | 249 |
| 18.4.1 | Etiology and Presentation | 247 | 18.6 | Key Points | 255 |
| 18.4.2 | Management | 248 | | | |
| 19. | Obstructive Sleep Apnea | 258 | | | |
| | <i>Ari DeRowe</i> | | | | |
| 19.1 | Introduction | 258 | 19.8.4 | Adenotonsillectomy | 264 |
| 19.2 | Epidemiology and Prevalence | 258 | 19.8.5 | Mandibular/Maxillary Advancement | 265 |
| 19.3 | Physiology of Normal Sleep | 258 | 19.8.6 | Intranasal Surgery | 265 |
| 19.4 | Pathophysiology of Obstructive Sleep Apnea | 259 | 19.8.7 | Hyoid/Tongue Suspension | 265 |
| 19.5 | Effects of Obstructive Sleep Apnea | 259 | 19.8.8 | Tracheostomy | 266 |
| 19.5.1 | Metabolic | 259 | 19.9 | Comorbidity and Specific Conditions in Pediatric OSA | 266 |
| 19.5.2 | Increased Health Care Utilization | 259 | 19.9.1 | Congenital Anatomical Anomalies | 266 |
| 19.5.3 | Neurobehavioral Deficits | 259 | 19.9.2 | Down's Syndrome | 267 |
| 19.5.4 | Cardiovascular Dysfunction | 259 | 19.9.3 | Head and Neck Neoplasm | 267 |
| 19.5.5 | Growth Retardation | 260 | 19.9.4 | Obesity | 267 |
| 19.5.6 | Decreased Quality of Life | 260 | 19.9.5 | Neonatal Nasal Obstruction | 267 |
| 19.6 | Clinical Presentation | 260 | 19.9.6 | Neurologic Conditions | 267 |
| 19.6.1 | The History | 260 | 19.10 | Perioperative Management of Children with OSA | 268 |
| 19.6.2 | Physical Examination | 260 | 19.11 | Complications of Adenotonsillectomy . | 268 |
| 19.7 | Investigation and Diagnosis | 261 | 19.11.1 | Bleeding | 268 |
| 19.7.1 | Sleep Studies | 261 | 19.11.2 | Infection | 268 |
| 19.7.2 | Imaging for Obstructive Sleep Apnea | 262 | 19.11.3 | Dehydration | 268 |
| 19.7.3 | Sleep Endoscopy | 263 | 19.11.4 | Postobstructive Pulmonary Edema | 268 |
| 19.8 | Treatment of Obstructive Sleep Apnea in Children | 263 | 19.11.5 | Tonsil Regrowth | 269 |
| 19.8.1 | Medical Treatment | 263 | 19.11.6 | Velopharyngeal Insufficiency | 269 |
| 19.8.2 | Noninvasive Ventilation | 263 | 19.12 | Postoperative Monitoring and Treatment | 269 |
| 19.8.3 | Oxygen Therapy | 264 | 19.13 | Pain Management | 269 |
| 20. | Airway Obstruction in Children | 272 | 19.14 | Key Points | 270 |
| | <i>Adam J. Donne and Michael P. Rothera</i> | | | | |
| 20.1 | Introduction | 272 | 20.2.1 | Resistance to Airflow | 272 |
| 20.2 | Physics of Airway Obstruction | 272 | 20.2.2 | Laminar and Turbulent Flow | 272 |
| | | | 20.2.3 | The Bernoulli Principle | 273 |

| | | | | | |
|-------------|---|-----|---------------|---|-----|
| 20.3 | Assessment of the Airway | 274 | 20.3.5 | Imaging the Airway | 280 |
| 20.3.1 | Clinical Assessment by History | 274 | 20.4 | Transfer of Acute Airway Child | 280 |
| 20.3.2 | Clinical Assessment by Examination | 275 | 20.5 | Tracheostomy | 280 |
| 20.3.3 | Airway Endoscopic Assessment | 276 | 20.6 | Key Points | 280 |
| 20.3.4 | Combined Flexible and Rigid Airway Endoscopy | 279 | | | |
| 21. | Congenital Disorders of the Larynx, Trachea, and Bronchi | 281 | | | |
| | <i>Daniel Tweedie and Benjamin Hartley</i> | | | | |
| 21.1 | Introduction | 281 | 21.5.1 | Supraglottis | 285 |
| 21.2 | Applied Basic Science | 281 | 21.5.2 | Glottis | 290 |
| 21.3 | Embryology | 281 | 21.5.3 | Subglottis | 292 |
| 21.4 | Clinical Anatomy | 282 | 21.5.4 | Trachea and Bronchi | 296 |
| 21.5 | Clinical Manifestations of Airway Pathology | 285 | 21.6 | Key Points | 302 |
| 22. | Acquired Disorders of the Larynx, Trachea, and Bronchi | 303 | | | |
| | <i>Michael Saunders and R. W. Clarke</i> | | | | |
| 22.1 | Introduction | 303 | 22.3.1 | Mechanisms of Injury to the Larynx and Trachea | 307 |
| 22.2 | Infection | 303 | 22.3.2 | Site of Injury | 311 |
| 22.2.1 | Historical Perspective | 303 | 22.3.3 | Clinical Problems in Acquired Stenosis of the Larynx and Trachea | 312 |
| 22.2.2 | Acute Epiglottitis | 304 | 22.3.4 | Assessment of Airway Stenosis | 312 |
| 22.2.3 | Croup or Viral Acute Laryngotracheobronchitis | 304 | 22.3.5 | Treatment of Airway Stenosis | 313 |
| 22.2.4 | Bacterial Tracheitis (Pseudomembranous Croup) | 305 | 22.4 | Acquired Disorders of the Vocal Fold | 318 |
| 22.2.5 | Recurrent Respiratory Papillomatosis | 305 | 22.4.1 | Vocal Cord Palsy | 318 |
| 22.3 | Injury and Stenosis of the Larynx and Upper Trachea | 307 | 22.4.2 | Mucosal Lesions of the Vocal Folds | 319 |
| 23. | Tracheostomy | 321 | 22.5 | Key Points | 319 |
| | <i>R. W. Clarke</i> | | | | |
| 23.1 | Introduction | 321 | 23.8 | Complications | 324 |
| 23.2 | Indications | 321 | 23.9 | Tracheostomy Tubes | 327 |
| 23.3 | Emergency Tracheotomy | 321 | 23.10 | Home Care | 328 |
| 23.4 | Preoperative Planning | 322 | 23.11 | Decannulation | 328 |
| 23.5 | Special Considerations in Children | 322 | 23.12 | Tracheocutaneous Fistula | 329 |
| 23.6 | Technique | 322 | 23.13 | Key Points | 329 |
| 23.7 | Postoperative Care | 324 | | | |

Part VI: Head and Neck

| | | | |
|---|-----|---|-----|
| 24. Neck Masses in Children: Congenital Neck Disease | 332 | | |
| <i>Fiona B. MacGregor</i> | | | |
| 24.1 Introduction | 332 | 24.4.1 Hemangiomas..... | 337 |
| 24.1.1 Development of the Pharyngeal Arches... | 332 | 24.4.2 Vascular Malformations..... | 338 |
| 24.2 Congenital Neck Masses | 332 | 24.5 Venous Malformations | 339 |
| 24.2.1 Dermoid Cysts in the Neck..... | 332 | 24.6 Teratomas | 340 |
| 24.2.2 Thyroglossal Duct Cyst..... | 333 | 24.6.1 Presentation..... | 340 |
| 24.3 Pharyngeal Arch Disorders | 334 | 24.6.2 Investigations..... | 340 |
| 24.3.1 First Pharyngeal Arch Anomalies..... | 334 | 24.6.3 Management..... | 341 |
| 24.3.2 Second Pharyngeal (Branchial) Arch Anomalies..... | 335 | 24.7 Hamartomas | 341 |
| 24.3.3 Third and Fourth Arch Anomalies..... | 336 | 24.8 Fibromatosis Colli | 341 |
| 24.4 Vascular Malformations and Hemangiomas | 337 | 24.9 Key Points | 341 |
| 25. Neck Masses in Children: Acquired Neck Masses | 342 | | |
| <i>Haytham Kubba</i> | | | |
| 25.1 Introduction | 342 | 25.3 Neck Masses in Children Who Are Systemically Well | 347 |
| 25.2 Neck Masses in Children Who Are Acutely Unwell | 342 | 25.3.1 Clinical Assessment..... | 347 |
| 25.2.1 Clinical Assessment..... | 342 | 25.3.2 Infective Causes..... | 348 |
| 25.2.2 Acute Lymphadenitis..... | 343 | 25.3.3 Noninfective Inflammatory Conditions... | 350 |
| 25.2.3 Deep Neck-Space Infection..... | 343 | 25.3.4 Tumors..... | 351 |
| 25.2.4 Noninfective Inflammatory Conditions... | 345 | 25.4 Key Points | 354 |
| 26. Salivary Gland Disorders in Childhood | 355 | | |
| <i>Michael Gleeson</i> | | | |
| 26.1 Introduction | 355 | 26.3.3 Pediatric Salivary Gland Tumors..... | 359 |
| 26.2 Congenital Disorders | 355 | 26.4 Pediatric Parotidectomy | 360 |
| 26.2.1 Anatomical Anomalies..... | 355 | 26.5 Sialorrhea (Drooling) | 361 |
| 26.2.2 Congenital Tumors and Hamartomas..... | 355 | 26.5.1 Multidisciplinary Management..... | 361 |
| 26.2.3 Pharyngeal (Branchial) Arch Anomalies... | 357 | 26.5.2 Pharmacotherapy..... | 361 |
| 26.2.4 Parotitis in Cystic Fibrosis..... | 357 | 26.5.3 Surgical Management..... | 362 |
| 26.3 Acquired Salivary Gland Disorders | 357 | 26.6 Key Points | 363 |
| 26.3.1 Salivary Gland Trauma..... | 357 | | |
| 26.3.2 Inflammatory Disorders..... | 358 | | |

| | | | |
|---|-----|--|-----|
| 27. Ear, Nose, and Throat Problems in Cleft Lip and Palate | 364 | | |
| <i>Ravi K. Sharma and Simon van Eeden</i> | | | |
| 27.1 Introduction | 364 | 27.5.2 Alveolar Bone Grafting | 368 |
| 27.2 Incidence | 364 | 27.6 ENT Problems in Cleft Lip and Palate .. | 368 |
| 27.3 Etiology | 364 | 27.6.1 Otitis Media with Effusion | 368 |
| 27.4 Diagnosis | 364 | 27.6.2 Tympanic Membrane Retraction and Cholesteatoma | 370 |
| 27.4.1 Antenatal Diagnosis | 364 | 27.6.3 Nasal Deformity | 370 |
| 27.4.2 Diagnosis and Counseling at Birth | 365 | 27.6.4 Airway Disorders | 371 |
| 27.5 Surgical Management of Cleft Lip and Palate | 366 | 27.7 Submucosal Cleft Palate | 372 |
| 27.5.1 Palate Repair | 367 | 27.8 Key Points | 372 |
| 28. Disorders of the Esophagus and Gastroesophageal Reflux | 374 | | |
| <i>Marcus K. H. Auth and Balaji Krishnamurthy</i> | | | |
| 28.1 Introduction | 374 | 28.3.3 Gastroesophageal Reflux | 378 |
| 28.2 Congenital Disorders | 374 | 28.3.4 Barrett's Esophagus | 379 |
| 28.2.1 Tracheoesophageal Fistula | 374 | 28.3.5 Eosinophilic Esophagitis | 379 |
| 28.2.2 Esophageal Strictures, Web, and Rings | 375 | 28.3.6 Esophageal Foreign Body | 380 |
| 28.3 Acquired Esophageal Disorders | 375 | 28.3.7 Infections | 380 |
| 28.3.1 Esophageal Strictures | 375 | 28.3.8 Dysphagia and Regurgitation | 380 |
| 28.3.2 Caustic Esophageal Damage | 376 | 28.3.9 Esophageal Motility Disorders in Children | 381 |
| | | 28.3.10 Upper Gastrointestinal Bleeding | 382 |
| | | 28.4 Key Points | 382 |
| Appendix: Strength of Clinical Evidence | 383 | | |
| Index | 385 | | |
