## Contents

Chapter 1 - Partial edentulism .....	5
1.1. Definition, clinical aspects, aetiology and symptoms.....	5
1.2. Symptoms of partial edentulism .....	8
1.3. The effects of Partial Edentulism on the Stomatognathic System and General Health .....	11
A. Local complications of partial edentulism .....	12
B. Regional complications of partial edentulism.....	22
C. Systemic complications of partial edentulism.....	23
1.4. Classification of partial edentulism .....	24
Chapter 2 - History Taking and Clinical Examination .....	33
2.1. History .....	33
2.2. Examination .....	38
2.3. Additional examinations.....	48
2.4. Diagnosis .....	48
Chapter 3 - Theoretical aspects regarding Fixed Partial Dental Prosthesis .....	50
3.1. Indications of a Fixed Partial Dental Prosthesis (FPDP).....	50
3.2. Structural components of a FPDP.....	53
Chapter 4 – Principles and considerations when designing a FPDP .....	86
4.1. Biomechanical considerations for a fixed partial dental prosthesis.....	86
4.2. Functional considerations when designing a FPDP.....	97
4.3. Biological and prophylactic considerations in the design of a FPDP .....	106
Chapter 5 - Treatment planning in case of partial edentulism .....	116
5.1. Treatment planning's objectives are: .....	116
5.2. The sequences of a treatment plan.....	118

5.3. Removal of a crown and/or a bridge.....	121
5.4. Provisional prosthetic treatments.....	123
Chapter 6 - Treatment configuration for different types of edentulous spaces.....	132
6.1. Simple Fixed Partial Dental Prosthesis (one tooth missing)...	134
6.2. Complex Fixed Partial Dental Prosthesis (one tooth missing)	146
6.3. Simple Fixed Partial Dentures (two teeth missing) .....	148
6.4. Complex fixed partial dentures (two teeth missing).....	154
6.5. Complex fixed partial dentures (multiple teeth missing).....	159
6.6. Complex Fixed Partial Dentures (FPDP with pier abutments)	165
Chapter 7 - Clinical and laboratory stages for performing a FPDP .....	173
7.1. Impressions.....	173
7.2. Impression materials.....	177
7.3. Impression trays.....	179
7.4. Impression techniques .....	181
7.5. Try-in procedures for a FPDP.....	194
7.6. FPDP's cementation .....	207
7.7. Maintaining the results acquired by prosthetic treatment .....	214
Chapter 8 - Aesthetic analysis in case of partial edentulism .....	217
Chapter 9 - All ceramic fixed partial denture prosthesis .....	223
All-ceramic FPDP with a zirconia-reinforced substructure.....	223
Chapter 10 - Full arch fixed prosthesis.....	232
Chapter 11 - Implant supported crowns and bridges .....	235
Chapter 12 - The combination of fixed and removable prosthesis .....	245
References .....	251
