TABLE OF CONTENTS

Chapter 1

ANTENATAL DIAGNOSIS OF MALFORMATIONS AND FETAL.....7

1.1. Non-invasive techniques:	8
1.2. Invasive techniques:	10

Chapter 2

SURGICAL PATHOLOGY OF HEAD AND NECK13

2.1. Labio-maxillo-palatal clefts	14
2.2. Fistulas and congenital cysts of the neck	18
2.3. Congenital muscular torticollis	20

Chapter 3

THORACIC SURGICAL PATHOLOGY.....23

3.1. Congenital lung malformations.....	24
1. Tracheal and bronchial malformations	24
2. Pulmonary abnormalities	25
3. The vascular abnormalities	27
3.2. Esophageal atresia.....	29
3.3. Fistula without esophageal atresia	34
3.4. Congenital diaphragmatic hernia	35
3.5. Esophageal foreign bodies	40
3.6. Congenital esophageal stenosis.....	43
3.7. Post-caustic esophageal stenosis.....	45
3.8. Gastroesophageal reflux.....	48
3.9. Hiatal hernia	51

Chapter 4

ABDOMINAL SURGICAL PATHOLOGY55

4.1. Congenital inferior abdominal wall defects	56
4.1.1. Omphalocele	56
4.1.2. Laparoschisis.....	61
4.2. Neonatal congenital occlusions.....	66
4.2.1. Atresias and congenital duodenal stenoses	66
4.2.2. Intestinal malrotation and defects of junction.....	73
4.2.3. Anorectal malformations.....	77
4.2.4. Congenital megacolon.....	81
4.3. Meconium ileus and meconium peritonitis	88
4.4. Pyloric hypertrophic stenosis	91

4.5. Acute abdomen	94
4.5.1. Acute appendicitis.....	94
4.5.2. The intestinal invagination.....	98
4.6. Ulcero-necrotizing enterocolitis.....	103
4.7. Meckel's diverticulum	109
4.8. Rectal polyp	112
4.9. Rectal prolapse.....	114
4.10. Neonatal cholestasis and biliary tract malformations	116
4.10.1. Congenital choledochal cyst	119
4.10.2 Portal hypertension syndrome in child.....	123

Chapter 5

THE SURGICAL PATHOLOGY OF THE UROGENITAL SYSTEM .129

5.1. Congenital hydronephrosis	130
5.2. Implantation abnormalities of the terminal ureter.....	132
5.2.1. Ureterocele	133
5.2.2. Ectopic ureter	136
5.2.3. Obstructive primary megaureter	139
5.2.4. Reno-pyelo-ureteral duplications	144
5.3. Posterior ureter valves.....	148
5.4. Bladder exstrophy	151
5.5. Cloacal exstrophy.....	154
5.6. Hypospadias	157
5.7. Epispadias	160
5.8. Peritoneo-vaginal canal pathology	163
5.9. Testicular migration abnormalities	168
5.10. Testicle torsion and spermatic cord	173
5.11. The torsion of the epididymal- testicular appendix	175

Chapter 6

THE VASCULAR ABNORMALITIES.....177

6.1. Hemangiomas.....	178
6.2. Vascular malformations	181

Chapter 7

THE CHILD'S TUMORAL PATHOLOGY.....185

7.1. Cystic ovarian tumors	186
7.2. Nephroblastoma	189
7.3. Mesoblast nephroma	193
7.4. Neuroblastoma	193
