CONTENTS

| | |
|---|------------|
| Preface | 5 |
| Abbreviations | 6 |
| 1. Peculiarities of growth and development of children | 7 |
| 1.1 Peculiarities of child development | 7 |
| 1.2 Peculiarities of topographic anatomy of the cranial and maxillofacial regions in children | 11 |
| 1.3 Peculiarities of the development of systems in children | 21 |
| 2. Outpatient and inpatient anesthesia in pediatric dental surgery.. | 27 |
| 2.1 Stages of emotional and cognitive development in children..... | 27 |
| 2.2 Types and techniques of local anesthesia in children and adolescents | 33 |
| 2.3 Composition of local anesthetics and maximum doses in children | 45 |
| 2.4 Pain management in children..... | 49 |
| 2.5 General anesthesia in children. Complications of local anesthesia | 53 |
| 3. Dental extractions in permanent and primary dentition..... | 67 |
| 3.1 Peculiarities of dental extractions in children..... | 67 |
| 3.2 Indications and contraindications of dental extractions in children..... | 71 |
| 3.3 Complications of dental extractions..... | 79 |
| 4. Odontogenic and non-odontogenic oro-maxillofacial infections in children..... | 82 |
| 4.1 Etiology of oral and maxillofacial infections..... | 82 |
| 4.2 Soft tissue infections in children..... | 85 |
| 4.3 Salivary gland infections in children..... | 93 |
| 4.4 Rehabilitation of children with odontogenic and non-odontogenic infectious lesions of the oro-maxillofacial region.. | 98 |
| 5. Oral and maxillofacial infections. Acute and chronic lymphadenopathy of the head and neck region in children..... | 107 |
| 5.1 Peculiarities of the lymphatic system in children..... | 107 |
| 5.2 Classification of cervical lymphadenitis. Etiology, pathogenesis, and diagnosis..... | 110 |
| 5.3 Clinical picture of acute lymphadenitis..... | 115 |
| 5.4 Lymphadenopathy of the oro-maxillofacial and neck regions in children..... | 116 |

| | |
|---|------------|
| 6. Odontogenic infections of the jaws in children..... | 124 |
| 6.1 Peculiarities of odontogenic periostitis..... | 125 |
| 6.2 Acute serous periostitis..... | 129 |
| 6.3 Acute purulent periostitis (dentoalveolar vestibular abscess)..... | 130 |
| 6.4 Chronic periostitis. Etiology and pathomorphology..... | 134 |
| 6.5 General characteristic of odontogenic osteomyelitis of the jaws. | 135 |
| 6.6 Acute odontogenic osteomyelitis. Etiology and pathomorpho- logy..... | 136 |
| 6.7 Secondary chronic odontogenic osteomyelitis of the jaws in children..... | 144 |
| 6.8 Hematogenous osteomyelitis..... | 150 |
| 7. Trauma of the soft tissue in the oro-maxillofacial region in children..... | 161 |
| 7.1 Etiology and pathogenesis..... | 161 |
| 7.2 Classification and peculiarities of soft tissue injuries in chil- dren..... | 163 |
| 7.3 Complications of soft tissue injuries in children..... | 169 |
| 7.4 Treatment of traumatic lesions of the oro-maxillo-facial region in children..... | 169 |
| 8. Pediatric maxillofacial trauma of the upper and lower jaws, and facial bones..... | 182 |
| 8.1 Etiology and peculiarities of facial bone fractures in children..... | 182 |
| 8.2 General considerations for lower jaw fractures..... | 185 |
| 8.3 Clinical and radiological findings of „greenstick” condylar injuries..... | 189 |
| 8.4 Midface fractures in children..... | 192 |
| 8.5 Pediatric fractures and growth..... | 195 |
| 8.6 Management of facial trauma in children..... | 197 |
| 9. Dental trauma in primary and permanent dentition..... | 208 |
| 9.1 Peculiarities of dental trauma in children. Etiology. Classifi- cation..... | 208 |
| 9.2 Diagnosis of dental trauma in primary and permanent dentition in children and adolescents..... | 212 |
| 9.3 Treatment concepts..... | 215 |
| 9.4 Management of tooth fractures..... | 216 |
| 9.5 Consequences of trauma in the primary dentition..... | 227 |
