Visit the  
*Understanding  
Psychology*  
Web site!

A screenshot of a computer screen displaying the "Glencoe Social Studies: Understanding Psychology" website. The address bar shows the URL: http://www.psychology.glencoe.com. The page title is "Understanding Psychology". On the left, there's a sidebar with links for "Textbook Activities", "Student Web Activities", "Self-Check Quizzes", "Interactive Tutor", "Teacher's Corner", and "Additional Resources". A red box highlights the "SELECT A CHAPTER" link. The main content area shows "Chapter Overviews" for Chapter 9: Learning. It discusses classical conditioning, operant conditioning, and social learning. It also mentions Pavlov's work and the three basic types of learning. The Glencoe McGraw-Hill logo is at the bottom right.

- **Chapter Overviews** provide you with a quick preview or review of the chapter.
- **Student Web Activities** take you into the real world of psychology.
- **Self-Check Quizzes** help you prepare for the Chapter Test.

Use our Web site for additional resources. All essential content is covered in the Student Edition.
